  3. 6:50 PM Design Contract – WK Dickson – Wastewater Treatment Plant
- Adjourn

**WK Dickson – Contract Amendment – North Lincoln High School Force Main and Pump Station:** Steve Gilbert stated that our engineering consultant, WK Dickson & Co. of Charlotte, has been providing inspection services for the North Lincoln High School Force Main and Pump Station that was constructed during last summer and fall. Their contract for inspection services was set at a maximum amount of \$35,000.00, based on an estimated construction schedule. The project is now complete, and due to unforeseen circumstances, the construction took longer than was expected, causing the periods when inspections were needed to exceed the original estimates. Dickson has submitted a contract amendment requesting payment for the extra inspection that was necessary.

**UPON MOTION** by Commissioner Craig, the Board voted unanimously to approve Amendment No. 1 for contracted engineering services.

**WK Dickson – Design Contract – New Wastewater Treatment Plant:** Steve Gilbert stated that as a result of the Engineer Selection Process, WK Dickson & Co., Inc. of Charlotte has been selected to provide Engineering Services for the design and construction of a new Wastewater Treatment Plant and an update of the existing plant. Mr. Gilbert stated that there is a possibility of obtaining some property from Duke Power for this plant.

**UPON MOTION** by Commissioner Anderson, the Board voted unanimously to approve the contract for the Wastewater Treatment Plant upgrade with the language that all work would not be undertaken until written authorization is given by property owners.

**Adjourn:** **UPON MOTION** by Commissioner Anderson, the Board voted unanimously to adjourn the meeting.
