**FOR IMMEDIATE RELEASE**

**February 13<sup>th</sup>, 2025**

### **Lincoln County Second Positive Rabies Case of 2025**

(Lincolnton) Lincoln County Animal Services has confirmed the county's second rabies case of 2025. On Monday, February 10<sup>th</sup>, a fox acted aggressively and attempted to attack a human, unprovoked. No one was injured. The incident happened on Walker Rd in Lincolnton. The fox was submitted to the North Carolina State Laboratory for rabies testing on February 11<sup>th</sup>.

On Thursday, February 13<sup>th</sup>, Lincoln County Animal Services received confirmation of a positive rabies test for the fox. We recommend all pet owners to ensure their indoor and outdoor animals are kept current on their rabies vaccine and take advantage of vaccination opportunities through Lincoln County Animal Services and low-cost clinics sponsored by Helping Animals to Survive (HATS). Lincoln County residents may schedule an appointment with Lincoln County Animal Services to receive a 1-year rabies vaccination for \$7 per pet. To keep yourself safe, don't approach or handle wildlife. Signs of rabies in wild animals can include abnormal amounts of aggression or friendliness, disorientation, wobbliness, circling, and excessive salivation. If you see or encounter a wild animal that may be sick, or is exhibiting signs of abnormal behavior, call Animal Services at (704) 736-4125 to report it.
