FOR IMMEDIATE RELEASE**June 27th, 2025****Lincoln County Fifth Positive Rabies Case of 2025**

(Lincolnton) Lincoln County Animal Services has confirmed the county's fifth rabies case of 2025. On Saturday, June 21st, an altercation between a raccoon and a dog occurred off Outlook Dr, Iron Station. The raccoon was submitted to the North Carolina State Laboratory of Public Health for rabies testing.

On Thursday, June 26th, Lincoln County Animal Services received confirmation of a positive rabies test for the raccoon. We recommend all pet owners to ensure their indoor and outdoor animals are kept current on their rabies vaccine and take advantage of vaccination opportunities through Lincoln County Animal Services and low-cost clinics sponsored by Helping Animals to Survive (HATS). Lincoln County residents may schedule an appointment with Lincoln County Animal Services to receive a 1-year rabies vaccination for \$7 per pet. To keep yourself safe, don't approach or handle wildlife. Signs of rabies in wild animals can include abnormal amounts of aggression or friendliness, disorientation, wobbliness, circling, and excessive salivation. If you see or encounter a wild animal that may be sick, or is exhibiting signs of abnormal behavior, call Animal Services at (704) 736-4125 to report it.
