

## **FEDERAL LAW ENFORCEMENT FUND**

This fund is used to account for proceeds from the federal courts. In the course of conducting federal investigations, the US Attorney may seize property and recommend that a portion of the forfeited property, or its proceeds, be shared with the state or local law enforcement agencies that participated in an investigation leading to the seizure or forfeiture of the item. The Sheriff's Department must make application for the seized property or proceeds and explain how the proceeds will be spent.

These funds must be budgeted by the County in the normal budgetary process, but use is restricted entirely for the Sheriff's Department. Permissible uses include purchase of vehicles, weapons, protective and communication equipment; payment of salaries and overtime, training and travel expenses, reward or "buy" money, and costs associated with the construction, expansion, improvement, or operation of detention facilities.

These funds must not be used to supplant the budget for the Sheriff's Department. The funds must remain segregated from other funds, and any balance remaining at year end must be restricted for use by the Sheriff's Department. The best way to meet these criteria is to set up a separate fund, as has been done. Since this is "one-time" money, the NC Local Government Commission strongly suggests that it be used for one-time expenditures, such as capital outlay. Just like the Law Enforcement Fund, it should be viewed as a fund to help equip the Sheriff's Department beyond what is funded annually in the General Capital Projects Fund.
